

Bearskin Wellness & Fitness Center

It is a great honor to have been chosen as the Director of Healthcare Services for the Bearskin Healthcare and Wellness Center; I look forward to serving you and the community. I am also looking forward to maintaining and strengthening the services of Healthcare and Wellness by learning the mission and vision of the center.

Prior to coming here I was teaching Healthcare Management, Micro-Biology and Anatomy/Physiology in Tulsa, Ok. Before there I was the Business Manager for Four States Surgery Center in Joplin, Mo.

The scripture I have devoted to my career is and will continue to be is Colossians 3:23 – WORK hard and cheerfully at whatever you do, as though you were working for the Lord, rather than for people.

I have lived in the Grand Lake Area for many years; after graduating from Grove High School I attended college in Miami Ok. Soon afterwards I met my husband Roger and started my family. I have 1 stepson – Kris Stogsdill, 1 son – Brent Stogsdill, and 1 daughter – Kaysha Stogsdill. Roger and I now look forward to the special weekends and holidays enjoying our 2 granddaughters – Ally & Kiya.

Before my children had completed high school I strongly desired to return to college for my Bachelor's Degree, in which I completed online five years ago in Healthcare Management.

My envision for Bearskin Healthcare & Wellness Center is for the center to be an organization with all of the following: 1) Concernment, 2) Compassion, and 3) Safe Patient Care; while offering promotional programs, healthcare services and opportunities for mentoring and educational/professional development. I truly believe that quality healthcare should be available, accessible and affordable to tribal members in their community and should be provided in a manner that respects their unique culture.

I am excited to be part of the Bearskin Healthcare & Wellness Center and serving in the capacity of Director. I look forward to serving you and maintaining the tremendous healthcare given to you.

Carla Stogsdill
Director, Healthcare Services
