Scholarship Programs and Selection Process

First Preference

Continuing students in the Wyandotte Nation Scholarship Program.

Second Preference

Classification of new applicants (Senior, Junior, Sophomore, Freshman)

Third Preference

Academic performance and financial need of the applicant. College GPA will be used for applicants who have attended college. High School GPA multiplied by the ACT/SAT or College Placement Test score will be used for applicants graduating from high school. Financial need will be determined by the expected family contribution from the FAFSA Student Aid Report.

Students who have completed an undergraduate degree may not apply for additional undergraduate coursework. Undergraduate scholarships are limited to eight (8) semesters.

Late applications will not be accepted and applications postmarked after May 1 will be returned to the student without consideration for scholarship funding.

Students applying to the program for the first time will be given priority over students applying to reenter the program.

Students not selected for scholarship funding will be placed on a waiting list. Students on the waiting list may be selected for scholarships as additional funding becomes available.

This application does not create a contract, commitment or entitlement from the Wyandotte Nation. Scholarships awarded are subject to availability of funds.
